GOAL 2017 video: Larry Feinberg, KnipBio

Responsible Seafood Advocate logo

4 December 2017 Global Aquaculture Advocate

'This is a set of tools to advance nutritional solutions'

In the second PechaKucha presentation from the Global Aquaculture Alliance's annual <u>GOAL</u> conference in Dublin, Ireland, Larry Feinberg of KnipBio talks about the potential of single-cell organisms as alternative aquafeed ingredients, and how his technology can lessen the industry's dependence on fishmeal and fish oil.

@GAA Advocate

Now that you've finished reading the article ...

... we hope you'll consider supporting our mission to document the evolution of the global aquaculture industry and share our vast network of contributors' expansive knowledge every week.

By becoming a Global Seafood Alliance member, you're ensuring that all of the pre-competitive work we do through member benefits, resources and events can continue. Individual membership costs just \$50 a year.
